ABOUT THE ORGANISATION

[LexQuest Foundation](#) is an independent, non-profit law and policy think tank, striving to develop effective solutions to public policy challenges.

At the core of our vision, is the idea of a proactive citizenry, and to endorse the same, we actively seek engagement with students and professionals to make policy formulation a more democratic process. Through the Foundation's varied initiatives in the law and policy arena, we are carving out a consolidated space for policy awareness, ideation, deliberation, and innovation.

We conduct policy research, training and project-specific consultations for effective policymaking, independently and in collaboration with the government as well as private entities. Through our multidisciplinary research initiatives and programs, we intend to reach out to the masses to acknowledge and share their insights, so that together we can find solutions to some of the most pressing issues that we, as Legal Systems, Democracies and Countries, face today.
